Welcome to Fellowship Bible Church

Our desire is to honor God through
faithful obedience to His Word.

Therefore, we strive to be
a God-honoring, Bible-teaching,
Great Commission local church.

WHO WE ARE

- We are followers of Jesus. We want to know Him better and introduce Him to others.
- We are diverse in race, income, marital status, age, education.
- We are a caring family that values things like life and marriage.
- We are a non-denominational church that believes in Baptist principles.

WHAT WE BELIEVE

- The Bible is the very word of God. It should be read at its face value.
- The Triune God created everything.
- All people go astray by disobeying God, which results in spiritual and physical death.
- God graciously sent Jesus to die for people's sins and save those who believe in Him.
- Jesus was born without a human father, never sinned, died, and rose again from the dead.
- A person is saved only by trusting in Christ. This trust includes acknowledging sin, desiring to receive Christ and calling on Him.
- God sends His Spirit to live in every believer and lead him to become more like Jesus.
- Jesus will return to the earth.
